### The Death of the PC

The days of forking over costly fees for software upgrades are numbered. The PC will soon be obsolete. And *BusinessWeek* reports almost 70% of Americans are already using the technology that will replace it.

In fact, the biggest names in computing – IBM, Yahoo! and Amazon – are spending hundreds of millions to harness the potential of this technology. Everything you need to know about this phenomenon – including two stocks you must buy – are all in a free report from The Motley Fool called, "The Two Words Bill Gates Doesn't Want You to Hear..."
